

PAULIST MISSION AT ST. PATRICK'S

Eloquent Sermons by Fathers McCorrey and Menton,

THE METHODIST ORPHANAGE.

Appears That It Will Be Built Here
After All—The New Broadbuds
Memorial—To Call Rev.
Mr. Book.

Rev. Fathers Menton and McCorrey, two well known and eloquent missionaries of the Paulist Order, from New York city, opened a mission at St. Patrick's Church on Sunday, and it will continue through the week.

The services were of a deeply interesting character and were largely attended. So were those of yesterday. The order of services for the week will be as follows:

Mass and sermon at 5 A. M., followed by a second mass.

At 8 A. M., mass and instructions.

At 2:30 P. M., instructions to the children of the parish.

At 8 P. M., instructions, Rosary service and benediction.

Rev. Father Menton preached an eloquent and forceful sermon at the 10 o'clock mass Sunday. They were here, he said, on invitation of the pastor, Father McCorrey.

At the afternoon service, when hundreds were turned away, Father Menton gave instructions on the first of the Theological Virtues—Faith, which, he said, is a virtue infused by God into our souls.

Rev. Father McCorrey preached an eloquent sermon at the evening service, taking his text from the Epistle of Paul to the Romans.

"The Wages of Sin is Death." One of the deep mysteries which baffles human understanding, he said, is sin. It is everywhere. It is before us, blocking our efforts to advance ourselves or our fellow-men. God is joy and in love He redeemed us. Sin is disease; it is sorrow; it is suffering; it is death; it is a slap in the face of God, who created and redeemed us.

Sin is never satisfied until it lands the soul into everlasting banishment. The waters of eternity are rising, Father McCorrey continued. The sinner had better come back into the fold of God before it is too late. Every occasion is a track upon which thousands come sweeping on the down grade to death and destruction.

Will Be Built Here.

It appears that the Methodist Orphanage will be erected here, after all. The rumored change of location to Ashland is denied by Rev. J. T. Mastin, financial agent of the orphanage, one of the trustees, and a member of the Executive Committee, who thinks there is no probability that the report is true.

Mr. Mastin said yesterday that if Richmond contributed the \$20,000 expected to raise here for the orphanage, it would certainly be built here. He said that he had heard nothing of the proposed change, and did not consider it at all probable unless Richmond should take the matter into its own hands.

During the past week Mr. Mastin has increased the subscription for the orphanage by about \$1,000.

Yesterday, subscribed \$1,000 and Asbury will take up a collection.

To Call Mr. Book.

The committee appointed some time ago by the Third Christian Church to look out for a pastor to succeed Rev. S. K. Maxwell, held a meeting Sunday afternoon, and decided to extend a call to the Rev. W. H. Book of Martinsville, Va.

They can get some assurances from him that he will favorably consider the matter.

Mr. Book is a native of Giles county. He was educated at Milligan College, Tenn., and has engaged in independent evangelistic work for some time. He is now pastor of a church at Martinsville.

Mr. Book is well known in this city, as he is throughout the whole of Virginia. He is regarded as one of the most aggressive and eloquent speakers in the denomination in this State, and if he can be prevailed upon to accept the call there will be general rejoicing in Richmond.

Broadbuds Memorial Adopts Plans.

The plans for the new Broadbuds Memorial Baptist Church were adopted Sunday afternoon at the annual meeting of the church, and the work on the new building will begin at once.

The church will be a one-story brick structure, with rolling partitions between the table-room and the auditorium. The latter will seat 400 persons, while with all the class-rooms, which will be utilized, the church will have a seating capacity of 700.

The new edifice will cost \$15,000, of which \$10,000 will be raised by the church. The other Baptist churches will contribute the remainder.

The pastor, Rev. C. P. Staley, began the work of raising the latter amount Sunday, receiving a subscription of \$150 from East-End.

Father Willibald Will Go.

The Rev. Father Willibald is no longer pastor of St. Mary's German Catholic Church. His place will be taken temporarily by Rev. Father Edward, of Newton's Grove.

Father Willibald's time as pastor of St. Mary's expired Sunday. At each service he said a few fervent words, expressing the regret with which he gave up his work here.

The congregation met Sunday afternoon to hear the formal report of the committee appointed by the church to wait on Bishop Hall, in North Carolina, with reference to the retention of Father Willibald. The report, as stated heretofore, was unfavorable to the wishes of the congregation, and on all sides the greatest regret was expressed at the determination of the Bishop to adhere to his decision.

The congregation decided to submit, without further efforts on their part, to the will of the Bishop. Such attempts to change his decision would, they knew, be fruitless.

A committee consisting of the following members of the church was appointed to set up a suitable token of remembrance for the departing pastor: Messrs. Henry Holzgarte, Joseph Gerring, William Schutte, William Pelhaus, A. Jahns, John Steinbrecker, A. H. Backer, F. J. Gerring, O. J. Meyer and J. H. Lynemman.

The Re-opening of West-View Baptist Church.

The formal re-opening of West-View Baptist Church took place Sunday afternoon. This, like the other services of the day, was very interesting and largely attended. A great multitude of people filled the house, and the occasion was in every way inspiring and enjoyable.

The address was made by a high order of the Second church, and Dr. Hatcher, of Grace-Street. The former spoke on "The Enlarged Field," and the latter on "A Strong Church and How to Have One."

The address was of a high order and were heard with evident pleasure by the people. The statement by the pastor gave the reason that influenced the church to remove their building to the new location, and included words of gratitude for the members and other friends who had contributed to the undertaking. In closing, Dr. Mercer stated that the whole work had cost about \$6,000, and that after the subscription yet due were collected the church would need \$1,000 to settle the entire indebtedness.

Dr. Hatcher, by Dr. Mercer's invitation, took the floor and suggested that this amount be raised here and there. Dr. Mercer said he was authorized by several friends, not members then, to subscribe \$100 for them, provided the rest was raised at once. In his inimitable way Dr. Hatcher led the work, and in a few minutes, amid great enthusiasm, the whole amount was pledged. It is needless to add that Dr. Mercer and his people are full of joy and delight.

Endorses His Work.

The work in this city of Rev. C. H. Crawford, superintendent of the Virginia Department of the Anti-Saloon League of America, was actively begun Sunday morning. He spoke at Centenary Methodist Church, and in the evening at the Third Christian Church. Both services were well-attended, and quite a number of names for membership were secured by Mr. Crawford.

Mr. Crawford spoke before the Methodist Conference yesterday morning, presenting his work and asking the assistance of the pastors. The following resolution was adopted by the conference:

"Resolved, That we heartily approve of the principles and organization of the Anti-Saloon League and hereby heartily commend Dr. C. H. Crawford, the superintendent of the same, to the favorable attention of our people."

At the Presbyterian meeting, a committee

to investigate the needs of the retail clerks for shorter hours, and present a report to the Conference at the next meeting.

Brief Church Notes.

The regular weekly meeting of the Methodist pastors of Richmond and Manchester was held yesterday at Centenary.

Rev. J. S. Wallace in the chair. The usual reports of the churches were made and some routine business was transacted. Messrs. Mitchell and Gray, representing the Retail Clerks' Union, Local 17, asked the pastors to endorse their attempt to gain shorter hours.

Revs. John Hannon, D. D. R. H. Bennett and G. H. Spooner were appointed by the Chair to draft suitable resolutions approving the matter.

The annual rally of the Epworth League Union of Richmond and Manchester will be held at Clay-Street Church to-night promptly at 8 o'clock. This Thursday night was postponed last week on account of the inclement weather with Rev. W. H. Atwill, of Ashland, as the principal speaker. His subject will be "The Possibilities of the Epworth League of the Twentieth Century."

All are invited to attend this meeting and every League in the Union will be expected to report.

Rev. George H. Wiley, Methodist city missionary, addressed the congregation of Union-Station Methodist Church Sunday morning after the regular service. In the interest of the mission work, the sum of \$100 had been apportioned to Union Station, but the interest aroused was such that the collection amounted to \$161.58.

Rev. Mr. Wiley's statement of his work was exceedingly interesting. Among other things, he said there were thirteen conversions at the mission last week.

Rev. R. H. Pitt, D. D., of the Religious Herald, who has been sick with the grip for the past few days, is able to be out again.

In May of the Episcopal churches Sunday special prayers were said for Queen Victoria.

Rev. H. L. Quarles, D. D., preached at Immanuel Baptist Church Sunday, both morning and night. There was one addition in the morning. The hand of fellowship was extended to seven persons.

MR. GORDON FOR DELEGATE.

An Open Winter Admits of Much Hauling—Planting Large Tobacco Crop.

(Special Dispatch to The Times.)

ELMINGTON, VA., Jan. 21.—Should this, Nelson county, be entitled to a delegate, Mr. B. T. Gordon is undoubtedly largely the choice of the people. He is a lawyer of ability, not controlled by rings or as attorney or otherwise by corporations.

Smallpox is in nearly every portion of the county, and it seems hard to get it under control.

Mrs. Lauretta Bryant died here a few days ago, at her eighty-sixth year.

Mr. Robert Johnson, who lives three miles away, and is seventy-nine years old, attends Sunday-school every Sunday and prayer-meeting at night without regard to weather.

No ice has been gotten in this section. It has scarcely been two inches thick.

The Oak Ridge farm, which once sold for forty thousand dollars, was sold a short time ago for fifteen thousand dollars. This was regarded one of the finest farms in the county.

The farmers are plowing and preparing plant land. Much tobacco has been sold at very satisfactory prices. A large crop will be planted this year.

Many crops being in order, a great many cross-ties and telegraph poles have been delivered at this station.

Messrs. Robertson and Henderson are having saved large quantities of fine timber, which they are shipping to northern markets.

PHILLIPS MUST HANG.

Newport News Shipyard Officials Knew Nothing of Combination.

(Special Dispatch to The Times.)

NEWPORT NEWS, Va., Jan. 21.—Counsel for Richard Phillips, the colored sport of Washington, who is under sentence of death at Hampton for the murder of Artilleryman Joseph W. New, in Phillips' case, says that he has received notice that the Court of Appeals will not grant a writ of error in the case, and that Phillips must hang. The stay of execution granted Phillips, to allow the case to be reviewed by the Court of Appeals, expires March 15th.

The murder was a cold-blooded one. Phillips had a row with New in a Phoenix saloon, and went out and got a Winchester rifle. He then lay in wait for his victim and shot him down.

General Superintendent W. A. Post, of the Newport News Ship-building and Dry Dock Co., says he knows nothing of the reported negotiations looking to the consolidation of the shipyard of the company, and is of the opinion that there is no foundation for the story.

The Circuit Court convenes to-morrow. It is thought that the first case to be heard will be that of Chief of Police Harwood, against Mayor Moss, suit for \$100 for alleged defamation of character.

This is one of the features of the recent fight between these two officials.

Nance mind Politics.

(Special Dispatch to The Times.)

SUFFOLK, VA., Jan. 21.—There is considerable local interest in the fight for Superintendent of Schools in Nance county. Lee Britt, who has held the office for many years, is being opposed by Cornelius A. Curdison of Carthage, a Richmond, both aspirants, through friends, have secured the names of many persons to their petitions, and some voters have signed.

Wight county Dr. Gavin Rawls, incumbent, has opposition for the superintendency in the person of Dr. R. Lee Seward.

The incumbent in each county will likely have the support of the representative in the Lower House of the General Assembly, but Senator Shands, of Southampton, is seeking to have the new men appointed.

There will be no contest for the school superintendency in Southampton county.

A Tackey Party.

(Special Dispatch to The Times.)

BELONA, VA., Jan. 21.—A tackey party was given the students of Oak Grove Academy Friday night. There was a large crowd in attendance, and all spent an enjoyable evening.

Many of the costumes were unique and antique.

Miss Belle Burch, who wore Queen Anne costume, won the lady's prize.

Mr. A. R. W. Bickers, No. 1000, of the gentleman's prize. He appeared in the costume of a Scottish Highlander.

Miss Lena Rudd and Mr. Cabell Branch won the laurels in the cake-walk.

Suffolk's Tribute to Lee.

(Special Dispatch to The Times.)

SUFFOLK, VA., Jan. 21.—The Tom Smith Camp of Confederate Veterans this afternoon had a big celebration to commemorate General Lee's birthday. Business was suspended. There was a parade headed by the band, and a large crowd of people filled the auditorium of the City Hall theatre to witness the ceremonies over which Colonel Thomas W. Smith, first lieutenant commander of the Grand Camp of the day, General Theodore S. Garnett, of Norfolk, was introduced by Adjutant R. Social Boykin, of the camp. Dr. W. W. Staley offered prayer. The veterans occupied the stage and a portion of the auditorium was reserved for the local chapter daughters of the Confederacy.

Indictments.

(Special Dispatch to The Times.)

ALEXANDRIA, VA., Jan. 21.—The grand jury of Alexandria County today rendered the following indictments:

SISTERS OF GOOD SHEPHERD RELY ON PE-RU-NA TO FIGHT GRIP, COUGHS, COLDS, CATARRH.

Peruna for coughs and colds in children.

SISTERS GOOD SHEPHERD Use Per-na for La Grippe and Winter Catarrh.

In every corner of the civilized world the Sisters of the Good Shepherd are known. Not only do they minister to the spiritual and intellectual needs of the charges committed to their care, but they also minister to their bodily needs. La grippe or pneumonia make their appearance among the children these Sisters are not disconcerted, but know exactly the remedial to apply.

With so many children to take care of and to protect from climate and disease these wise and prudent Sisters have found Peruna a never-failing safeguard.

COLUMBUS, O., July 10th, 1900.

The Peruna Drug Mfg. Co., Columbus, O.

GENTLEMEN—"A number of years ago our attention was called to Dr. Hartman's Peruna, and since then we have used it with wonderful results for grip, coughs, colds and catarrhal diseases of the head and stomach."

"For grip and winter catarrh especially it has been of great service to the inmates of this institution."—SISTERS OF THE GOOD SHEPHERD.

There is no other disease so many-sided in its effects, so insidious in its approach, so tenacious in its hold upon the system, as la grippe. Once there, it stays until it is cured. La grippe is one of the ills that time will not cure.

The after-effects of la grippe do not locate in any particular organ. It amounts to a general irritability of the mucous membranes of the whole body—a flabbiness and paleness of the mucous membrane. Sometimes there is an overabundance of mucus, and at other times there is a dryness of the mucous surfaces.

There is no remedy in the world that meets the conditions produced by la grippe better than the remedy Peruna. Peruna strengthens the system, renovates, while it stimulates, heals as it expurates.

Peruna is not a purgative, or cathartic, or sedative, or stimulant, nor a vegetable or mineral poison. It reaches the source of all diseases of the mucous membranes by its action on the vaso-motor system of nerves.

The following are samples of the letters received by Dr. Hartman concerning the cures Peruna is making:

Hon. F. Simmons, United States Marshal, Mobile, Alabama, writes: "I have used Peruna for the cure of the most active old man in Philadelphia to-day. He and his wife recently celebrated the fiftieth anniversary of their marriage. At their home, on South Ninth Street, Mr. Distin came from one of the most famous families of the old world, his father and grandfather before him, as well as himself, having played at almost all the royal courts of England and the continent."

Mr. Distin writes concerning Peruna, the world-famous catarrh cure, as follows: "I had another slight attack, but as I had Peruna in the house it caused me but one trying night. My wife wanted to try the doctor, but I took small doses of Peruna every half hour and improved right along."—Frank Bauer.

Henry Distin, the inventor and maker of all the band instruments for the military and naval services, writes: "I am a native of Philadelphia, and I have been in the city for over thirty years. I have used Peruna for the cure of the most active old man in Philadelphia to-day. He and his wife recently celebrated the fiftieth anniversary of their marriage. At their home, on South Ninth Street, Mr. Distin came from one of the most famous families of the old world, his father and grandfather before him, as well as himself, having played at almost all the royal courts of England and the continent."
